Please include the docket number (DI14-6-000) on any comments, protests, and/or motions filed.

k. Description of Project: The proposed 200 kW Knutson Creek Hydroelectric Project will consist of: (1) a 7-foot-high, 560-foot-long combination reinforced concrete weir and rock faced earthen dike diversion structure at river mile 2.59; (2) a screened intake integrated into the reinforced concrete portion of the diversion; (3) a 7,100-foot-long, 24-inch-diameter penstock; (4) a pipe and trail bridge for the penstock crossing Knutson Creek at river mile 1.79; (5) a powerhouse containing a single cross-flow turbine coupled to a single phase synchronous generator; (6) a 1400-foot-long tailrace that would discharge directly into Knutson Creek; (7) a buried 9900-foot-long, 7,200-volt electric cable to interconnect with Pedro Bay's existing power grid; and (8) appurtenant facilities.

When a Declaration of Intention is filed with the Federal Energy Regulatory Commission, the Federal Power Act requires the Commission to investigate and determine if the project would affect the interests of interstate or foreign commerce. The Commission also determines whether or not the project: (1) would be located on a navigable waterway; (2) would occupy or affect public lands or reservations of the United States; (3) would utilize surplus water or water power from a government dam; or (4) if applicable, has involved or would involve any construction subsequent to 1935 that may have increased or would increase the project's reservoir, head or generating capacity, or have otherwise significantly modified the project's pre-1935 design or operation.

l. Locations of the Application: Copies of this filing are on file with the Commission and are available for public inspection. This filing may be viewed on the web at <http://www.ferc.gov> using the "eLibrary" link. Enter the Docket number excluding the last three digits in the docket number field to access the document. You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. m. Individuals desiring to be included on the Commission's mailing list should so indicate by writing to the Secretary of the Commission.

n. Comments, Protests, or Motions to Intervene -- Anyone may submit comments, a protest, or a motion to intervene in accordance with the requirements of Rules of Practice and Procedure, 18 CFR 385.210, .211, .214. In determining the appropriate action to take, the Commission will consider all protests or other comments filed, but only those who file a motion to intervene in accordance with the Commission's Rules may become a party to the proceeding. Any comments, protests, or motions to intervene must be received on or before the specified comment date for the particular application.

o. Filing and Service of Responsive Documents -- All filings must bear in all capital letters the title "COMMENTS", "PROTESTS", AND/OR "MOTIONS TO INTERVENE", as applicable, and the Docket Number of the particular application to which the filing refers. A copy of any Motion to Intervene must also be served upon each representative of the Applicant specified in the particular application.

p. Agency Comments -- Federal, state, and local agencies are invited to file comments on the described application. A copy of the application may be obtained by agencies directly from the Applicant. If an agency does not file comments within the time specified for filing comments, it will be presumed to have no comments. One copy of an agency's comments must also be sent to the Applicant's representatives.

Dated: August 22, 2014
